

# Worker Bonus Point System and Season Schedule

This is a racing club of volunteers. All members are expected to do their part to help out. To be eligible for season end awards you must have received your worker bonus points. The bonus points will be awarded in the following manner. Total bonus points to be received will be 100 points per driver per class. Bonus points will not be awarded until all (100) worker points have been earned. Worker points are accrued based on jobs performed with each job being worth different points based on the level of effort for the job. The following schedule shall be used earning worker points:

Worker Job Title	wPts	Comments
Race Director	40	Prior approval and training required
Assistant Race Director	30	Required training to be Race Director
Corner Worker	35	Minimum two corner workers per event. Maximum of four
Head Flagman	35	Harder than it looks
Scale Worker	30	Must weigh every kart after every race
Registration	15	Prior training required. Worker points earned after training complete.
Scoring	25	Prior training required. Worker points earned after training complete.
50/50 raffle	20	Social butterflies appreciated
Main Gate	25	Gatekeeper/Keymaster
Concession Stand	25	Flippin' burgers and more
Concession Stand Management	35	All shopping and preparation
Wed/Sat Practice	25	Prior training required. Up to three workers per practice session.

You must reserve your work positions in advance. The worker schedule will have the positions for the season and no additional positions will be added.

If you fail to work on your scheduled day and do not make arrangements for someone to stand in for you twenty (20) points will be deducted from your season points. The exception being family emergencies.

In the event of rain/snow/incllement weather, you must be present unless notified by track officials as excused, to receive worker points for the rainout.

It is the worker's responsibility to sign the Worker Points Form each day in order to receive credit for working that day. Robin Felice has the form and will collect everyone's signatures. Of particular importance is designating the driver to eventually receive the bonus points. The Worker Points Form must be signed the same day as the work to qualify for the worker points.

For families with more than two drivers or competing in more than two classes, earning 200 worker bonus points will provide bonus points to all drivers in the family. CKRA recognizes that keeping more than one kid on the track is a challenge.
